## Understanding Chase Travel Booking Modifications

Chase Travel is a travel booking platform that allows users to book flights, hotels, rental cars, cruises, and vacation packages using Chase Ultimate Rewards points or credit cards  ||+1→888→483→9719.

However, since most bookings are fulfilled by third-party travel suppliers (airlines, hotels, rental companies), changes are governed by those providers' policies—not just Chase.

This means:

- Airlines control flight change rules
- Hotels control cancellation and modification policies
- Rental companies define vehicle change conditions

Chase Travel acts as the intermediary that helps facilitate your request.
